Luis, See attached power point.  
Response to board's question regarding costs. The cost to install a new sign on the front of the building at 1020 Madison is \$2000.00. The cost to remove the existing letters patch, paint the existing holes and install the letters on the front of the building is \$2000.00  
I have sent the zoom information to Tom Wheeler the owner of AJ signs he will be in attendance.

Thanks
