AREA VARIANCE APPLICATION

Part 1. Application Notes

An application for an Area Variance is a request for relief from the dimensional or development standards of the USDO for a specific property. An application may be submitted after denial of a proposed project or development by the Chief Planning Official or the Chief Building Official.

1. The Board of Zoning Appeals (BZA) reviews the application at a public hearing and makes its decision based on the standards in Section 375-5(E)(21)(c)(i).
2. Applicants have the burden to provide evidence of the hardship, to clearly communicate the benefits to be realized by the Applicant and that any detriments to community or adjacent property owners are sufficiently mitigated in order for a variance to be approved.
3. The BZA is required to grant only the minimum variance that it deems necessary and adequate to address the hardship while preserving and protecting the character of the neighborhood and health, safety and welfare of the community.
4. The decision of the BZA is final and another application for the same or essentially the same approval cannot be submitted within one year from the date of the decision.

Note: A pre-application meeting is available upon request prior to submitting this application.

Part 2. General Information

Project Address: 107 Champlain St

Tax ID Number(s):66.9-1-1

Zoning District: I-1

Current Principal Use: Commercial

Part 3. Project Description

(Describe the variance and identify the standard(s) or requirement(s) of the USDO proposed to be varied):

Select the type of standard or requirement being varied:

- Lot area
 Lot width
 Impervious lot coverage
 Height
 Minimum setback
 Fence/wall standard
 Off-street parking/loading/circulation standard
 Landscaping/buffer standard
 Exterior lighting standard
 Signage
 Other (*Specify; must reference a specific standard in the USDO*):

Section number of USDO from which the variance is being requested: 375-415 a i

Current USDO requirement or standard: 32 square foot max

Proposed requirement or standard: 66 square foot sign

Part 4. Character of the Neighborhood

Explain why the dimensional alteration being proposed will not result in a structure or a configuration that will be out of place in the neighborhood or zone district (e.g., the structure's overall size and footprint size and placement are similar to the structures on adjacent properties):

The business is in a commercial area the sign needs to be big enough to be seen from North street.

Part 5. Alternatives Considered

Describe the benefit to be achieved by the granting of the variance and why such benefit cannot otherwise be reasonably achieved (detail any alternatives that were considered and rejected, and include evidence where necessary to support your conclusions):

The business runs parallel to Champlain street. The current sign is hard to see from patrons travelling from North street or from Champlain street. The larger sign will make it easier for customers to find their destination and will indicate the entrance.

Part 6. Substantiality

Indicate why the requested variances is not a substantial or contextually significant deviation from the prevailing regulation:

We are asking for 34 square feet of relief from code to install a bigger sign that will allow patrons and vendors to find the entrance in a commercial area.

Part 7. Impact on Environment

Describe any potential impact on such factors as drainage, traffic circulation, dust, noise, odor, public services, among others (e.g., compliance with the USDO requirement to be varied would result in the removal of three mature trees and a natural berm):

There will be no environmental impact

Part 8. Self-Created Difficulty

Explain why the need for the variance requested is not self-created (e.g., the lot was created in 1954 and does not comply with the minimum lot area requirements of the USDO):

The sign needs to be big enough for patrons to be able to find the business. The business runs parallel to Champlain St. and the street is close to the building making the smaller sign very difficult to see.

Part 9. Submittal Requirement Checklist

(NOTE: Submit the greater number of required documents for concurrent applications if duplicate submittal documents are listed)

	Required Documents	Hard Copies	Electronic Submission* (.pdf) (Required Document Name)
A. Required for All Area Variance Applications			
<input checked="" type="checkbox"/>	Master Application Form	1	Master Application
<input checked="" type="checkbox"/>	Owner's Consent Form	1	Owner Consent
<input checked="" type="checkbox"/>	Area Variance Application	1	AV
<input checked="" type="checkbox"/>	Rejection Letter from Chief Planning or Building Official	1	Rejection Letter
<input checked="" type="checkbox"/>	Color photographs of the property in context with surrounding properties, on printed paper	1	Photos
<input type="checkbox"/>	<input checked="" type="checkbox"/> Site Plan, drawn to scale showing lot lines, dimensions, buildings, driveways, parking, landscaping, etc.	1	Site Plan [YYYY]-[MM]-[DD]
<input checked="" type="checkbox"/>	Application fee [1-2 family dwelling: \$50; all other \$150] – payable to <i>Treasurer, City of Albany</i>		
B. Voluntary or Upon Request			
<input checked="" type="checkbox"/>	Environmental Assessment Form as required by SEQR	1	Short or Full EAF
<input type="checkbox"/>	Floor Plan(s) (if new construction or an addition)	1	Floor Plan [YYYY]-[MM]-[DD]
<input type="checkbox"/>	Building Elevation(s) showing building height in relation to buildings on adjacent properties (if variance is for a structure, building, fence, etc.)	1	Elevations [YYYY]-[MM]-[DD]
<input type="checkbox"/>	Project Narrative	1	Project Narrative
<input type="checkbox"/>	Any additional information determined to be necessary by the Chief Planning Official	1	[Document Name]

* Electronic document submission shall be sent via email to planning@albanyny.gov, USB Flash Drive or by another medium approved by the City of Albany Planning Staff, CD and DVD submissions will no longer be accepted.
