CONDITIONAL USE PERMIT APPLICATION

Part 1. Application Notes
A Conditional Use Permit is required for a property with a proposal for a use listed in the Permitted Use Table in Section 375-3(B) as a conditional use for a zone district. Conditional uses are those uses that have potential unforeseen impacts or unique form and require a careful case-by-case review of their location, design, configuration and impact to determine the desirability of permitting their establishment on any particular site.

1. The Planning Board reviews the application and makes its decision based on the standards in Section 375-5(E)(16)(c).
2. The Planning Board may impose conditions to ensure that the proposed use meets these standards and any other applicable provisions of the USDO.
3. A public hearing is required for all conditional use permit applications.
4. If approved, the conditional use is approved only for the portions of the property specified in the application.
5. In addition to meeting the requirements of the USDO, the proposal may be subject to other City ordinances, including but not limited to Chapter 133 (Building Construction), and may be subject to disapproval if not proposed in compliance with these articles.

Note: A pre-application meeting is available upon request prior to submitting this application.

Part 2. General Information
Proposed Conditional Use: Single bay automatic car wash
Building Area to be Occupied (sq. ft.): 1,458
Outdoor Site Area to be Occupied (sq. ft.): 
Other Uses at the Site: Convenience store with self service gasoline.
Has any portion of the land been the subject of a conditional use permit previously? □ Yes □ No
If yes, state the case number(s) of the conditional use approval(s):

Part 3. Project Description
Project Description (Describe what the proposed use is and how it will operate, including hours and days of operation, number of employees, number of clients, parking and loading requirements, etc.):
Proposed use is a drive-up single bay automatic, touchfree car wash. Customer pulls up to payment kiosk and selects which wash they would like to purchase. After they pay for wash, the wash will activate and customer will pull into the bay and park. The automatic equipment cleans the car and then the customer exits the bay.

Number of Employees: 1 to 2
Maximum Occupancy: 1 Car
Hours of Operation:

Part 4. Consistency with Neighborhood and Development Pattern

A. Describe why the proposed location was chosen for the establishment of the conditional use being sought:
Highly visible location with strong traffic count.

B. Describe how the proposed use is consistent with the existing and planned development within the immediate area:
Being developed with convenience store & self service gasoline. Compatible uses.

Part 5. Fiscal and Environmental Impacts

A. Describe the nature, scope and duration of work to be undertaken in order to establish the use:
In parallel with convenience store. 12 weeks.

B. Describe any impacts the proposed conditional use will have upon the adjacent properties, and if and how they will be mitigated:
No impact on adjacent properties.

C. Indicate any of the following operational characteristics (from Section 375-4(J)(1), Operating Standards) that will be generated by the proposed use
(check all that apply):

- Electromagnetic radiation
- Emissions
- Glare
- Hazardous materials
- Materials and waste handling
- Noise
- Nuclear Radiation
- Odors
- Vibration
- Smoke
- N/A

For all checked boxes please describe the source, and explain how it will be mitigated as part of this application:

Dryer will generate some noise. Noise mitigated by being housed inside the building & no development nearby.

D. Describe the volume of refuse expected to be generated by the use, and the means of storage and disposal:
Light to none. Any generated will be taken off site or thrown in on site convenience store dumpster.

E. Are there any public funds from any source being used to improve the site or for the operation of the conditional use?
None.

F. Are any unplanned public infrastructure or service improvements required as a result of an approval of the proposed conditional use (e.g., street repaving, sewer upgrade, storm drainage improvements, etc.)?
None.

G. Indicate whether there is an increase or decrease in impervious surface area as a result of the proposal:
Increase in impervious surface.

Part 6. District and Use Standards

A. Explain how the proposed conditional use is consistent with the purposes and objectives of the zone district in which it is located:
Light Industrial. Commercial use.

B. Describe how the use complies with the Use Specific Standards applicable to that use, as enumerated in Section 375-3(C) of the USDO:
Permitted per conditional use permit application.
### Part 7. Public Impact

A. Will the proposed use generate any unique or elevated need for police, fire or emergency services?
   None.

B. Describe the type of traffic the use is expected to generate and indicate which days and between what hours the peak period of use occurs. All traffic will be on site. Typically Saturday & Sunday are "peak" days; Daytime hours.

C. Describe if the use will be served by commercial delivery vehicles, the anticipated number if deliveries per day and where the vehicles will park: It will not be served by commercial delivery vehicles.

D. Indicate the type of parking facilities available to the use and if off-site, the distance from the property: All parking / stacking will occur on site.

E. Describe any proposed changes to curb cuts, streets, sidewalks and connections to public spaces (e.g., removal of curb cuts, improving crosswalks, installation of wider sidewalks, removal of any sidewalk, etc.):
   Existing curb cuts. No sidewalks.

F. Describe how building entrances are connected to sidewalks, parking areas, and other pedestrian facilities:
   Automatic car wash.

G. Describe any changes that are required to bring the property into compliance with the ADA Standards for Accessible Design:
   ADA Compliant. Automatic car wash.

H. Are there any planned changes to utility provisions (water, sewer, electric, etc.)?
   Yes, water and sewer.

### Part 8: Necessity and Desirability of Service

A. Describe how the proposed use is the use in the interest of the public convenience:
   Convenience. Void in market.

B. Describe any similar or identical uses in the area, their size and location:
   There really are not any similar uses in the area.

C. Please indicate any positive public health and safety impacts or improvements of the proposed use:
   All dirt cleaned off the vehicles will be treated in the sanitary sewer versus when customers clean their own car it goes into storm sewer.
