

CONDITIONAL USE PERMIT APPLICATION

Part 1. Application Notes

A Conditional Use Permit is required for a property with a proposal for a use listed in the Permitted Use Table in Section 375-3(B) as a conditional use for a zone district. Conditional uses are those uses that have potential unforeseen impacts or unique form and require a careful case-by-case review of their location, design, configuration and impact to determine the desirability of permitting their establishment on any particular site.

1. The Planning Board reviews the application and makes its decision based on the standards in Section 375-5(E)(16)(c).
2. The Planning Board may impose conditions to ensure that the proposed use meets these standards and any other applicable provisions of the USDO.
3. A public hearing is required for all conditional use permit applications.
4. If approved, the conditional use is approved only for the portions of the property specified in the application.
